To Whom It May Concern,

R: Proof of Student Enrollment and Institutional Affiliation

I am writing on behalf of Isomo Academy|Bridge2Rwanda to confirm that Ayamikani Lukundo is a student at Isomo|Bridge2Rwanda. Isomo's mission is to build critical, scalable interventions that equip a new generation of Rwandan leaders with the skills, mindsets, and opportunities to break bottlenecks and unleash the country's human potential. As part of this mission, we encourage our students to apply their knowledge through meaningful field research, contributing to solutions for pressing societal challenges.

For more than a decade, Bridge2Rwanda has provided world-class English preparatory and Leadership formation programs to the most promising Rwandan high school students, enriching their learning and enabling them to achieve their highest potential.

Ayamikani has been approved to conduct field research under the Action Research class at Isomo. The subject of the research, Understanding Student well being by listening, aligns with our mission to prepare and empower the next generation of leaders. We hope any feedback, advice, or other support you provide will enrich the student's learning and help develop solutions to the challenges identified in the research.

We kindly request your support in granting our students access to the resources, insights, or data you may be willing to provide to help them successfully complete their research.

For any further information related to the content of this letter or the referenced research, please do not hesitate to reach out to us at (+250) 787232810

Thank you for your kind consideration of this request.

Sincerely grateful,

BRIDGE2
